- In 2017, NEC face recognition technology received 1st place for 4th consecutive time by NIST
- Multiple modalities of authentication corresponds to business needs
- All of the components are in-house developed, which offers flexibility for customization as per need of the customers
- Client SDKs are fortified with proprietary security features
- FIDO UAF 1.0 Certified and Sponsor member of FIDO Alliance
- In an interoperability test performed by FIDO Alliance, NEC product was rated as EXCELLENT

Use Case

Traveler SIM Enrollment for Telecom

- SIM Vending machine
- FIDO biometric authentication
- Getting traveler SIM quickly!!

No more waiting in long queues
Important biometric data always remain in traveler’s mobile, secured with FIDO standards

Biometric SSO for BFSI

- ATM shows QR code
- Capture ATM QR code
- Cash Withdrawal

Same manner for cardless ATM
Eliminating ATM Card, PIN, ID/Password and two-factor authentication
Offering Simple, Secure and Swift Authentication in the Digital World

Any Digitally Oriented Business with KYC / Authentication needs can achieve benefits from our solution
