2+ MONTHS
KEY CUSTOMER PAINS:
- Successful cloud migration and adoption
- Improve cybersecurity defense
- Optimize IT Platform Cost
- Improve application performance and responsiveness
- Map IT processes
- Ease IT auditing
- Reduce risk of IT failure
- IT hosting vendor management

KEY STAKEHOLDERS:
- CIO
- IT manager
- Head of IT operations
- Chief architect
- Finance Manager

KEY SELLING POINTS:
- Effortless insights into IT infrastructure
- Automatic mapping of applications across different servers
- Full insight into system interdependencies
- Empowering you to save critical resources

KEY CUSTOMERS: All sectors – (Now 40+ customers in both public and private installed in Denmark)

PRIZE: Affordable SaaS solution, only 10 € pr. server pr. month
KMD IT INFRASTRUCTURE:

WE EMPOWER YOU TO HANDLE THE TRUTH
