## **Dialogue and Co-creation with Our Diverse Stakeholders**

Values are constantly changing for our customers and society. To supply products and services that deliver real value, NEC needs to incorporate processes for dialogue and co-creation with stakeholders into its corporate activities. Our commitment to promoting dialogue and co-creation with stakeholders is embedded in the concept of "Orchestrating" stated in our Purpose, "Orchestrating a brighter world," within the NEC Way. The following are examples of the main dialogue and co-creation that we conducted in fiscal 2020.
