NEC Future Creation Hub

Co-creation through dialogue and direct experience

# NEC Future Creation Hub

The NEC Future Creation Hub is a place where technology and business come together through interactive dialogues and direct experiences to facilitate the co-creation of a brighter future.

Our customers can experience NEC's vision as well as the potential of technology and the value that it can create.

We collaborate with customers from all over the world to create social value for the next-generation.

Watch our NEC Future Creation Hub video!

Welcome Zone

## Innovation Gallery

NEC has been moving technology forward and driving social transformation since it was founded. See milestones that defined the evolution of digital society, from technologies that resolved social issues and created new value to artificial intelligence and biometric authentication technologies.

## Theater

A fusion of the real and digital. Here we introduce NEC's ambition to bring about new innovations together with our customers.

## Social Innovation

## Social Transformation

Experience case studies and demonstrations of a supply chain that goes beyond boundaries to connect people, things, and processes, as well as a fair and prosperous city where everyone can reach their full potential.

## Social Foundation

## Collaboration Zone

## Technology Touch Zone

In this area, get hands-on and directly experience advanced NEC technologies such as biometric authentication. These memorable moments give rise to dialogues and fresh innovation.
